- Reporting for individuals and teams
- Certificates to showcase your achievements and skills

 **Puzzel Contact Centre**

 **Case Management**

 **Workforce Management**

 **AI Training**

 **Soft Skills**

The Puzzel Academy LMS system is designed for busy contact centre and will empower your team to learn at their own pace. Managers can easily track progress, identify skill gaps, and personalise learning paths, creating a seamless training experience that drives performance. With levels or belts for each learning path, it offers gamification to engage and motivate learners.

“Probably the best learning experience I’ve had in a long time, thank you!”
